Look Ahead, Girls.

If young girls would look ahead it would sometimes save them from serious collision with the men they marry. It is here that ignorance is almost a crime. The young husband cannot understand it when the wife changes to a peevish, nervous, querulous woman. And the young wife does not understand it herself. She only knows that she is very miserable.

If ever there is a time when nature helps it is when the young girl is adjusting herself to the new conditions of wifehood. Dr. Pierce's Favorite Prescription makes weak women, strong and sick women well. It promotes regularity, dries debilitating drains, heals inflammation and ulceration, and cures female weakness.

Sick women are invited to consult Dr. Pierce, by letter, free. All womanly confidences are guarded with strict professional privacy. Write without fear or fee to Dr. J. C. Pierce, Buffalo, N. Y.

"I will drop you a few lines today to let you know that I am feeling well now," writes Miss Annie Stephens, of Belleville, Wood Co., West Va. "I feel like a new woman. I took several bottles of Dr. Pierce's Favorite Prescription and Golden Medical Discovery. I have no headache, no backache, and no pain in my side any more. No heartache, pain, or worry. I think there is no medicine like Dr. Pierce's medicine. I thank you very much for what you have done for me—your medicine has made me so much good."

Dr. Pierce's Pleasant Pellets cure biliousness and sick headache.

WHY IT HAS FADED.

The Partial Obliteration of the Declaration of Independence.

"I saw recently in the press dispatches from Washington," says R. T. Smythe, of that city, "an item to the effect that the original copy of the Declaration of Independence was fading. The story is true, but not true that this partial obliteration is of recent occurrence. Many years ago, in taking an impression of the Declaration for the purpose of reproducing copies of it, an acid was used which had a most disastrous effect upon the ink with which the paper was written. The writing began to fade rapidly—so rapidly indeed, that in a short time it was with extreme difficulty that either the text or the instrument or the signatures to it could be deciphered. At this time the Declaration was hung upon the wall in the library of the Department of State. It was in a wooden case, supplied with doors, but during the hours when the library was open the public demands of the visitors caused the doors to be open also. The action of the light upon the document was very hurtful, and in order to preserve it from further decay the Secretary of State caused a specially constructed safe to be manufactured for it.

"You must possess a strong pull today to obtain a glimpse of it, for as the years pass the fading of the writing, like checked, nevertheless continues. As a consequence the department officials guard it carefully and expose it to the light with extreme reluctance. The safe in which the Declaration now rests is on the right of the entrance to the library, while on the left-hand wall hangs the case in which it was formerly kept. A reproduction now takes its place, but ninety-nine out of every hundred who visit the library depart after examining this copy, believe that they have seen the original. They have seen something, however, far below the large case in a smaller one containing a rough draft of the Declaration is exactly the form in which Jefferson wrote it. This is an original, but as acids have never touched it, it has faded only a little."

Remarkable Cure of Croup.

A little boy's life was saved by Chamberlain's Cough Remedy. It saved my little boy's life and I feel that I cannot praise it enough. I bought a bottle of it from A. E. Steere, of Goodwin, S. D., and when I got home with it the poor baby could hardly breathe. I gave the medicine as directed every ten minutes until he 'threw up' and then I thought sure he was going to choke to death. We had to pull the phlegm out of his mouth in great long strings. I am positive that if I had not got that bottle of cough medicine, my boy would not be on earth to-day.—Joel Demont, Inwood, Iowa. United in Life and Death.

Married in January, 1866, and buried in October, 1901. After thirty-five years of loving companionship, only seventy-two hours of separation and then they rest together "under the trees."

Elder A. B. Miller, D. D., pastor of Immanuel church, died at 3:30 p. m., October 9, at his residence, after a protracted illness. His body was lying in state from 10 a. m. to 3 p. m. Thursday at Immanuel church, and at the latter hour a large concourse of people assembled to attend the last services to a beloved pastor and citizen. Because Sister Miller's sickness, all along service was omitted. Dr. W. A. Clark announced the order of services, in which ex-Gov. James

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers; they filter out the waste or impurities in the blood.

If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected

kidney trouble.

Kidney trouble causes quick or uneasy heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits.

P. Eagle led in a tender and felicitous address, using "For me to live is Christ, and to die is gain," as a text. Brother Eagle has known Dr. Miller over thirty years and had him for pastor seven years. M. L. Thomas, D. D., pastor of the Second church, spoke of the zeal and wisdom of Dr. Miller as a co worker, and highly commended Immanuel church for its sacrificial devotion to its pastor. Elder Bag Cox spoke in highest praise of the departed brother—of his optimism and his skill as a pastor and peace-maker. Elder G. W. McCarty spoke with great emotion, on the counsel and sympathy Dr. Miller had given him in his work as a suburban pastor. Dr. Clark followed with reminiscences of twenty-eight years of acquaintance—fifteen of these years intimately related to him in denominational work. The casket was then carried to Mount Holy Cemetery, followed by a long procession of weeping friends. As the grave was being filled, the audience sang in sweet strains "God be With You 'Till We Meet Again," and "Sweet Bye and Bye." Brother Eagle pronounced the benediction and we went to our homes fondly hoping that Sister Miller would live to comfort the bereaved children.

But at 4 p. m. of the 12th, the telephone announced that she had fallen asleep in Jesus, and at 4 p. m. Sunday her funeral was held at Immanuel church. Dr. Clark and Brother Cox conducting the service after which she was tenderly laid by the side of her husband, there to await the morning of the resurrection.

The acting pall-bearers at both services were the deacons of Immanuel church. Brethren Earl, Reynolds, Tighman, King, Berthe and Dibbins. Honorary pall-bearers: Hon. A. W. Files, Hon. W. E. Atkinson, Hon. J. C. Barrow, Dr. Harrison, H. P. Edmonson, Edmond Craig, Hon. B. B. Battle and Col. J. M. Moore.

Dr. Miller was born in Ohio county, Kentucky, July 19, 1835. He was educated at Georgetown College and at Bethel College, Russellville, Ky. Leaving school at the age of eighteen he was ordained to the ministry and in his native State entered upon his great life work of pastor and evangelist. After a service of several years at Owensboro, Ky., he became pastor of the First Baptist church of Memphis, where he remained during the civil war. In January, 1866, he was married to Miss Anna Wilson Clark at Louisville, Ky. He was called from Memphis to Paducah, Ky., and after a successful pastorate there accepted a call to Quincy, Ill., but had not been long in the latter place until the church at Versailles, Ky., persuaded him to return to his native State. After several years of pastorate and evangelistic service he was called to Evansville, Ind., and was pastor there six years. In January, 1885, he accepted a call to the Second Baptist church of Little Rock, where he remained seven years. When he took the pastorate there was a mission, but he very soon built it up to a church of over four hundred members and the leading Baptist church of the State. In 1892 he accepted a call to Ronham, Tex., and was there four years, when he was called to Central Baptist church of Dallas, Tex. After two years service with this church he was called to the First Baptist church of New Orleans. Though he never formally accepted this call he supplied successfully the pulpit for several months, and when Immanuel church of this city called him he accepted and entered its pastorate February 1, 1899, and his success in its upbuilding has been phenomenal.

Mrs. Annie Clark Miller was born in Louisville, Ky., and was educated at Bardonia in Dr. Brush's school and during that time made her home with her uncle, Gov. Wickliffe. There she met Rev. A. B. Miller, whom she subsequently married in January, 1866. Her mother who made her home with Dr. Miller, died October 12, 1898, at Dallas, Tex., just three years ago to the day. Mrs. Miller embraced religion at an early age.

"I am dying daughter, and am glad, because I am so tired. I want to rest," said Mrs. Miller to her daughter Saturday morning. Then in the afternoon she rallied for a while and with a spiritual smile on her face, whispered to those around her bedside, "I am going to see grandmother," referring to her mother, who died three years ago, almost to the hour. She had not been told of her husband's death and did not know that in the eternal city there awaited her the faithful companion of her married life. Perhaps she wondered why he was not at her bedside to bid her farewell before she started on that last long journey. Almost overcome with grief, the little band of watchers saw the spark of life go out and realized that the mother was again with her husband and parents, happy in the realms above. Mrs. Miller's illness dated a month back, she being seized while nursing her stricken husband. It was known several days ago that she could not recover, and she was spared the pain of knowing that her husband had preceded her with-

in the gates of the eternal city.

All the family, i. e., Mrs. Ella Miller Ldbetter and husband, of Pine Bluff, Alan Clark Miller and Allene B. Miller, of this city, together with an adopted son, Hugh Peck, of Dallas, Tex., were present at both strokes of bereavement—Arkansas Baptist.

A Shouting Darkey.

The Hopkinton Kentuckian prints the following remarkable story:

"Rev. C. T. Vaughn, the well known colored Baptist preacher, was a victim of a peculiar and painful accident."

"While engaged in preaching the funeral of William Campbell, (col.) at Mt. Herman church, Sam Gordon, (col.) a young preacher living near Longview, was overcome with religious excitement and began to shout. During the paroxysm he kicked Rev. Vaughn on the left leg just above the knee, badly injuring the limb. The bone was fractured and Vaughn has been a great sufferer. The limb is much swollen and it may be necessary to have an operation performed."

"It was an accident but it proved to be a very serious one for the victim. Rev. Vaughn came to Kentucky from Orange court house, Virginia, about 25 years ago, but was ordained a minister of the gospel five years before."

"He has charge of two churches in this county—New Asia, near Garrettsburg, and Mt. Vernon, in the Longview neighborhood."

"He says he has baptized more than a thousand converts in Christian and adjoining counties, married a hundred couples and held scores of protracted meetings, but this is the first time he has been knocked completely on in the first round."

Rev. Vaughn has frequently preached in Owensboro and is well known among the colored people of his denominations.

"Some time ago my daughter caught a severe cold. She complained of pains in her chest and had a bad cough. I gave her Chamberlain's Cough Remedy according to directions and in two days, she was well and able to go to school. I have used this remedy in my family for the past seven years and have never known it to fail," says James Prendergast, merchant, Annapolis Bay, Jamaica, West India Islands. The pains in the chest indicate an approaching attack of pneumonia, which in this instance was undoubtedly warded off by Chamberlain's Cough Remedy. It counteracts any tendency of a cold toward pneumonia. For sale by all druggists.

Rev. I. R. Hicks Is Not Dead.

Notwithstanding a widely current rumor that the Rev. I. R. Hicks was dead, he never was in better health, and never did a harder and more successful year's work than that just closing. He has just completed his large and splendid Almanac for 1902 and, with his staff of able helpers, has brought his Journal, Word and Works, justly forward into international reputation. For a quarter of a century Mr. Hicks has grown in reputation and usefulness as the people's astronomer, and forecaster of storms and the character of coming seasons. Never were his weather forecasts so sought after as now, his timely warning of a serious drought this year having saved the people from loss and suffering. Millions of bushels of wheat were harvested through his advice to plant crops that would mature early. The American people will certainly stand by Prof. Hicks, when it costs them so little and the benefits are so great. His fine Almanac of 200 pages is only 25c, and his splendid family journal is only one dollar a year including the Almanac. Send to Word and Works Pub. Co., 2201 Locust St., St. Louis, Mo.

United States. I have no sympathy with the efforts which have been made to destroy the honor of an officer under such circumstances."

A Plucky Preacher.

Recently a firm of distillers in the city of Louisville presented a handsome bronze statue of Thomas Jefferson to the municipality. The following Sunday the Rev. Dr. Lloyd of the Walnut street Methodist Episcopal church denounced the acceptance of the statue. He said that the money which paid for it had been made by the blood of men and the tears of orphans and widows. He called it a "concrete expression of destroyed character and despoiled manhood," and expressed his opinion that Thomas Jefferson would feel degraded by the presentation of his statue to the city by such men. In part the preacher said:

"The city of Louisville is congratulating itself on the statue of Jefferson, presented by two wholesale whisky sellers. The money with which it was done was blood-money, wrung from bleeding hearts of innocent women and children. It represents the tears of orphanage and widowhood, and is a sort of concrete expression of destroyed character and despoiled manhood."

"Jefferson held sentiments strongly antagonistic to whisky, both in its drinking and sale, and it was enough to make him turn over in his grave at the thought of having his statue presented to the city by men who had made their fortune by praying on helpless drunkards and innocent women and children.—New Voice.

Great Weather Calendar.

The Chattanooga Medicine Co., the manufacturers of McElree's Wine of Cardui and Theodor's Black-Draught, have just issued the 1902 edition of the Cardui Weather Chart and Calendar. This calendar has sprung into universal prominence by accurately foretelling the Galveston flood and predicting the droughts and flood of the past summer, a year ahead of each occurrence. This office has just received one of these calendars, which consists of twelve sheets of paper, 13x20 inches in size, all fastened together by a gilt tin strap and a brass loop hanger. Each sheet contains the calendar for one month in large figures that can be read across the room. Under the figures pattern weather signals indicating Prof. DeVoe's Weather forecasts for every day in the year appear. We understand a few copies of it can be secured by sending 10 cents apiece in postage stamps to The Chattanooga Medicine Co., Chattanooga, Tenn.

In West Virginia on one of the railroads is a little town called Sawyer. Close to the town the train passes through a tunnel. One day a nice green looking young couple were on the train, and they never seemed to know that there was anybody else on the train. While the train was passing through the tunnel those said one, "but how can you say that he married for a title?"

Resolutions of Respect.

WHEREAS, God in His infinite wisdom has deemed it best to call from us 'one of our beloved pupils and schoolmates, Foster Tabor; therefore, be it resolved,

1st. That we, his teacher and schoolmates, tender to the bereaved family our sincerest sympathies in this their hour of bereavement.

2nd. That Foster was to us a good, kind and lovable boy, and was diligent and happy in his school work.

3rd. That in his death we lose one of our brightest and best boys; one who made sacrifices to give happiness to others.

4th. That a copy of these resolutions be published in the local papers and a copy be sent the bereaved family.

POSSIBILITIES OF 1902.
1901 has come and gone. It is as far from us to day as the middle ages—it's of the past—gone forever. Its results are recorded in history, as those of years that have been, and 1902 has come to take the place of the dying year, greeting all with a happy New Year, long live the memories of the old. 1901 has been the most prosperous year in the history of the American government—financially, it has been marvellously successful—it has established America's right to the islands of Philippine archipelago—made her master of the Pacific—made her first in matters of diplomacy—and to-day she enjoys the most profound respect of every nation on the globe.

1901 has been a wonderful. Scientific investigation has been so successful that nothing seems impossible for the mind of man to fathom. Submarine navigation is established, while aerial navigation is a possibility. Wireless telegraphy is an actual reality and wireless telephony is not a dream. Marconi has sent a message from New Foundland to Cornwall successfully and the wonderful discovery wants, only in development, and a full supply of that "want" is stored in the vaults of the future. Communication across the oceans by means of wireless telegraphy, is marvellous, it's a wonderful discovery of an inquiring mind. In 1827 the first railroad was built. It was indeed the embryonic stage of our magnificent railroad system. Its cars were crude—conforming, however, to the best of the times. It was declared by many to be an absolute failure, but it grew with the times, and as man's needs increased the experiment became a useful reality. The discovery of the telegraph was an accident, likewise the discovery of wireless telegraphy, but the discovery of wireless telephony will be a circumstance attended with wonder and great awe.

With wireless telephony, a reality, we will be neighbors to Mars, conversing freely with Jupiter's inhabitants and the "man in the moon." When wireless telephony is a reality, we may find the great mystified spirit land and hold frequent communications with those long since in glory. These are possibilities for 1902 to unravel, and when we realize them fully, we can truthfully say:

"We are living, we are dwelling,
In a grand and awful time;
In an age on ages telling,
To be living is sublime."

THE MONROE DOCTRINE.
Germany is making the port of La Guayra, Venezuela, a rendezvous for many of her war vessels. The purpose is to collect a debt which Germany says Venezuela owes her. In view of the Monroe Doctrine, Germany has delivered, in advance, all sorts of pledges and promises to interfere in no wise with the Monroe Doctrine. This thing of laying claim to the revenues of a country for an asserted debt and sending her naval force to get it, is a new feature in international law, especially when an infringement on the Monroe Doctrine is made.

The Monroe Doctrine covers a broad field and its guardian is the greatest and most powerful nation in the world. President Monroe declared that the United States would regard as an unfriendly act any effort to re-instate former European control of any part or parcel of the Western Hemisphere, or to destroy or impair any American State.

President Cleveland read the "riot act" to Great Britain when that country was in the attitude of seizing Venezuela and England promptly reconsidered and gave ear to the version of the Monroe Doctrine. France ran up against the Monroe Doctrine during the reign of Napoleon III, and when the United States Government commanded France to stay a hostile stroke, the command was heeded promptly and she acquiesced. The Monroe Doctrine is well understood internationally and Germany is not slow in advancing an explanation.

Uncle Sam does not believe in repudiating debts, he himself is a very generous-hearted fellow, as Spain will testify, but while he does not repudiate or believe in that practice, he forbids any foreign country laying

claim to any American soil. Venezuela should pay her debts, if they be just, and command the German fleet disperse, and the United States Government will look after the affair then.

This Commercial Tribune, Cincinnati, is taking a popular collection for Caleb Powers. The Commercial Tribune is a foreigner, so to speak, being across the Ohio, but it fully realizes that Caleb Powers is the object of political persecution, and in the interest of justice, which, under the American flag, is guaranteed and ought to be accorded every subject, rich or poor; in the interest of that noble, innocent, young chivalrous Kentuckian, it is asking the people of the whole country, irrespective of party affiliations, to aid in securing justice, liberty and freedom to Caleb Powers. It's a righteous cause and should meet with prompt and liberal donations. A great paper like the Commercial Tribune, is, without question, the proper factor to take up the cause—it can render most valuable service in the cause of justice.

We do not believe in making too many New Year pledges, but just one made, and sacredly guarded, is a victory. Now, if all our subscribers would only make one pledge—and that to pay their subscription, and do that promptly, it would certainly be of extreme importance to themselves and us, and then when they have settled their newspaper account, go on in the good work and keep even with the world. Try this, it will do you good.

UNCLE SAM is a business man and folks abroad realize that when he sets his head upon a thing he is going to have it. The certainty of the construction of a canal to connect the Pacific and Atlantic oceans, either across Nicaragua or Panama, has caused a French syndicate, owning the right-of-way across Panama, to offer this government their property for \$40,000,000. The first price was \$65,000,000. After while Uncle Sam can get it at his own price.

If that \$100,000 blood money appropriation is declared unconstitutional by the Court of Appeals—in all probability the whole case will end. The Goebels are being used "all over the face of the earth" for doctor bills and it is not likely that they will hazard what little fortune they may now possess in convicting innocent men.

SENATOR DEPEW met some puzzling questions in the French marriage laws that gave him quite a bit of trouble before he could be married on French soil. It was no matter for him. If America is kind enough to produce for him a charming, handsome lady, the same soil ought to be grand enough for them to be married on.

AFTER all, who said Sampson deserved the honor of the magnificent Santiago victory? The court of inquiry may adjudge Schley guilty, but the American people will exonerate him every time.

THE KENTUCKY LEGISLATURE convenes Tuesday. Capt. N. T. Howard, of Morgantown, will represent this district in the Senate, while Mr. A. S. Bennett will guard our interests in the House.

ROCKPORT, KY.
Dec. 31.—The ministers and deacons meeting that was to be held here last Friday and Saturday was postponed to an indefinite time.

Last Thursday night Mr. G. M. Maddox's grocery and undertaker's department came near burning. He was up very late and there was a crowd in the store smoking cigarettes and cigars and when through smoking they pitched the stub of their cigars into a box of saw dust near the stove which he used as a spittoon and it caught fire, burning a hole through the floor large enough for a man to crawl through.

Prof. M. D. Maddox, of Smallhouse, called to see his uncle, Mr. Geo. M. Maddox, last Thursday on business. Mr. H. E. Harper, of McHenry, was the guest of Mr. B. C. Petty, of this city, last Sunday.

Mr. L. F. Rowe, of Render, was the guest of his brother, Mr. W. J. Rowe, and uncle, Mr. G. M. Maddox, last Sunday.

the young ladies J. R. G. Club of this city.
Mr. G. M. Maddox has gone to Evansville for a few days on business.
Mr. C. B. Nall, of Sacramento, was in town last Saturday and Sunday on business.
Messrs. Horace Pierce, of Rockport, and Carlos Melton, of Cloude, Tenn., went to Hartford last Sunday.
Miss Cora Reid, of this city, is visiting her sister, Mrs. Mabel C. Smith, of Louisville.
Miss Leola Maddox, of this city is visiting in Drakesboro, the "guest of Mrs. Jim Reid."
Misses Almeida Haynes and Pearl Sutton, of Owensboro, are visiting Mrs. B. C. Petty of this city this week.

A GOOD RECOMMENDATION.
"I have noticed that the sale of Chamberlain's Stomach and Liver Tablets is almost invariably to those who have once used them," says Mr. J. H. Weber, a prominent druggist of Canada, Iowa. What better recommendation could any medicine have than of people to call for it when again in need of such a remedy? Try them when you feel dull after eating, when you have a bad taste in your mouth, feel bilious, have no appetite or are troubled with constipation, and you are certain to be delighted with the prompt relief which they afford. For sale by all druggists.

NARROWS, KY.
Dec. 30.—Mr. Dresden Bear, Sulphur Springs, and Miss Ruth Hunt, of Sunnyside, were united in wedlock Christmas day. The wedding occurred at the residence of the bride's grandfather, Mr. Jas. Lee, near Sunnyside. Rev. G. J. Bean performed the ceremony. Mr. Bear has a Hunt or a Christmas present, also for a birthday gift, while Miss Hunt has only a Ellen.

Mrs. Ellen R. Acklock died the 27th inst. of pneumonia and was buried the 28th in the Foreman burying ground, near Dunder. She leaves eight children, two of them small.
Mr. J. W. Daniels' little boy, Otha, is seriously ill of pneumonia, but is thought to be getting better. The family have the deepest sympathy of the whole community, for they have lost three boys, each dying of pneumonia, and Otha is the only boy they have living.

Mr. Mack Bean, Auburn, Ky., spent Christmas here.
Messrs. John and Marion Shultz have sold their farm here and will move to Selecton.

Mr. P. T. Richardson, of McHenry, was in town last week.
Mr. Bob Phillips has sold his farm at Barrett's Ferry to Mr. Thos. Loyd, and will leave for Arkansas in the spring.

Our enterprising mill man, Mr. H. C. Powers, shipped five car loads of lumber last week.
Mr. Isaac DeVance is having built a cosy family boat in which he will start on a trip to the sea in the spring.

A great many buildings are going up here now, mostly castles in the air.
Death stalked heavily through this community during the recent cold spell, and much backbone and sausage are the result.

Our friends have hauled off, recently, many tons of tobacco, and our merchants report money nearly as plentiful as it was just after the election.

Telephone your orders to the Singer Office. Goods delivered cheerfully and promptly. We try to please.

SELECT, KY.
Dec. 31.—Mr. John King's little boy, Harry, is at Cromwell under the care of the Doctor. He has kidney trouble.
Dr. Hollcroft, of Select, has purchased a lot from Mrs. Lankford and has built a nice home on same.
Mrs. Nola Igleheart has gone to her home in Texas.

Mrs. S. M. James, who has been on the sick list, is thought to be improving.
Mr. J. A. King and wife visited friends in Cromwell Sunday.

Head-ache.
Sick headache, nervous headache, tired headache, neuralgic headache, catarrhal headache, headache from excitement, in fact, headaches of all kinds are quickly and surely cured with

DR. MILES' Pain Pills.
Also all pains such as backache, neuralgia, sciatica, rheumatic pains, monthly pains, etc.
"Dr. Miles' Pain Pills are worth their weight in gold," says Mr. W. D. Kreamer, of Arkansas City, Kan. "They cured my wife of chronic headache when nothing else would."

"Dr. Miles' Pain Pills drive away pain as if by magic. I am never without a supply, and think everyone should keep them handy. One or two pills taken on approach of headache will prevent it every time."
MRS. JUDGE JOHNSON, Chicago, Ill.
Through their use thousands of people have been enabled to attend social and religious functions, travel, enjoy amusements, etc., with comfort. As a preventive, when taken on the approach of a recurring attack, they are excellent.
Sold by all Druggists, 25 Doses, 25 Cents.

Stop the Blight

It is a sad thing to see fine fruit trees spoiled by the blight. You can always tell them from the rest. They never do well afterwards but stay small and sickly.

It is worse to see a blight strike children. Good health is the natural right of children. But some of them don't get their rights. While the rest grow big and strong one stays small and weak.

Scott's Emulsion can stop that blight. There is no reason why such a child should stay small. Scott's Emulsion is a medicine with lots of strength in it—the kind of strength that makes things grow.

Scott's Emulsion makes children grow, makes them eat, makes them sleep, makes them play. Give the weak child a chance. Scott's Emulsion will make it catch up with the rest.

This picture represents the Trade Mark of Scott's Emulsion and is on the wrapper of every bottle.

BAD BLOOD, BAD COMPLEXION.

The skin is the seat of an almost endless variety of diseases. These are known by various names, but are all due to the same cause, acid and other poisons in the blood that irritate and interfere with the proper action of the skin.

To have a smooth, soft skin, free from all eruptions, the blood must be kept pure and healthy. The many preparations of arsenic and potash and the large number of face powders and lotions generally used in this class of diseases cover up for a short time, but cannot remove permanently the ugly blotches and the red, disfiguring pimples.

ETERNAL VIGILANCE IS THE PRICE OF A BEAUTIFUL COMPLEXION when such remedies are relied on.

Mr. J. T. Shobe, 274 Lucas Avenue, St. Louis, Mo., says: "My daughter was afflicted for years with a disfiguring eruption on her face which resisted all treatment. She was taken to two celebrated health springs, but received no benefit. Many remedies were prescribed, but without result, until we decided to try S. S. S., and by the time the first bottle was finished the eruption began to disappear. A dozen bottles cured her completely and left her skin perfectly smooth. She is now seventeen years old and the sign of a disfiguring disease has ever returned."

S. S. S. is a positive, unfailing cure for the worst forms of skin troubles. It is the greatest of all blood purifiers, and the only one guaranteed purely vegetable. Bad blood makes bad complexions.

S. S. S. purifies and invigorates the old and makes new, rich blood that nourishes the body and keeps the skin active and healthy and in proper condition to perform its part towards carrying off the impurities from the body. If you have Eczema, Tetter, Acne, Salt Rheum, Psoriasis, or your skin is rough and pimply, send for our book on Blood and Skin Diseases and write our physicians about your case. No charge whatever for this service.

Hair Falls

"I tried Ayer's Hair Vigor to stop my hair from falling. One-half a bottle cured me."
J. C. Baxter, Braidwood, Ill.

Ayer's Hair Vigor is certainly the most economical preparation of its kind on the market. A little of it goes a long way. It doesn't take much of it to stop falling of the hair, make the hair grow, and restore color to gray hair.
\$1.00 a bottle. All druggists.

If your druggist cannot supply you, send us one dollar and we will express you a bottle. Be sure and give the name of your nearest express office. Address, J. C. AYER CO., Lowell, Mass.

Mr. Jas. A. Thomas still remains quite ill with little hope of recovery, though his physician expresses confident hope that he will again be out.

Schroeter, the photographer, is still at the Hartford wharf with his floating studio, but will leave the third of February. Go to him for first-class work.

Mr. Alvis S. Bennett our new member in the legislature left Wednesday for the capital. Mr. Bennett is a very promising and deserving young man and we shall expect to hear from him.

Mr. Blumer Renfrow, Renfrow, was in town first of the week. There is some special, enviable attractions here for Mr. Renfrow. He was a student at college here last year.

Mr. John C. Barnard, who has just closed his term of school at Prentiss, will leave Monday for Bowling Green, where he will attend school during the winter and spring months.

Lost—Monday afternoon on the streets of Hartford, one gold star emblem of the "Eastern Star Degree" in Masonry. Return to First National Bank, Hartford, and receive reward.

Ola, the little six year old daughter of Mr. and Mrs. Dave Willard, Buford, died Saturday of brain fever and was buried Sunday at Mt. Carmel. Another older daughter has typhoid pneumonia and is very ill.

Mr. Eugene Combs, near Sulphur Springs, died last week of pneumonia, which disease was doubtless contracted while hauling tobacco to Owensboro. He was a highly respected citizen and his loss to the community is much deplored.

Mr. Geo. B. Thompson and family, Horton, left Saturday to join the Ohio county colony at Crowley, La. Mr. Thompson is one of the county's best citizens and his addition to Louisiana is a substantial gain for that state and a loss to our own.

Mr. B. H. Ellis will leave Monday for Bowling Green where he will enter the Business College. Howard taught a very successful school during the past winter and the profession loses in him a most promising young man. Our best wishes go with him.

The Monroe Lumber Co., of Beaver Dam, made an assignment Monday. Mr. Ben D. Ringo is assignee. Beaver Dam has been supporting two planing mills during the past year and it is much regretted that this firm has been driven to the wall.

Rough River Lodge No. 110, Knights of Pythias will give a supper and smoker for its members on next Tuesday evening. Every member of the lodge is urged to be present for a nice time is promised. The lodge will have work in the second rank for that night.

Hartford is to soon have two new dry goods stores—Messrs. Fair & Co. and Carson & Co. Work is being pushed rapidly to completion on both, and when fully equipped, will present a picture of elegance, beauty and taste. They will add much to the general appearance of the town and will be excellent bidders for trade.

The following letters remain dead in the Hartford postoffice: Mrs. Lenzie E. Everly, C. L. Miller, Bud Fields, Tom White, Mrs. Sarah Crumpton, E. F. Baize, W. H. Baize, Miss Lena Igleheart, Miss H. D. Riggs, Shelby Rocky, Mrs. Rosa Johnson, Mrs. R. A. Nelson, L. Patton, James T. Miles and Kinch Martin.

The directors of the Rough River Telephone Co. have made arrangements with Mr. D. M. Hocker to manage the business of the company. He will take charge on January 1, or as soon as he settles his business of deputy sheriff. Mr. Hocker is a splendid business man and we expect to see the business of the company prosper under his supervision.

Supt. Rogers has extended the boundary of the Beaver Dam graded school district so as to include all parties residing in the corporate limits of Beaver Dam South of the railroad. After being petitioned and given due notice and hearing the evidence pro and con, this decision was reached. It will greatly benefit the graded school and will virtually insure a victory for the school when an election is held to vote a tax.

Dr. J. Henry Barnes, Chickasha, I.

T., and Miss Ethel Kilpatrick, St. Louis, Mo., were married the 11th ultimo, at Chickasha. Dr. Barnes attended college here for quite a while taught in the Seminary at Beaver Dam and enjoys a host of well wishing friends throughout the county. He graduated last year from the Louisville Medical College, soon thereafter, went west to seek his fortune in the practice of his profession. Our personal knowledge of Dr. Barnes warrants the assertion that the young lady, whose heart he won, and whom he led to the hymeneal altar, is eminently deserving of him, our friend and fellow countryman. THE REPUBLICAN congratulates and wishes for them a future strewn with heaven's richest blessings.

Mr. Oscar Wade and Miss Sallie Stewart were married last Sunday at the home Mr. Had Maddox, McHenry.

SUICIDE IS THREATENED

Unless the Deserted Wife of J. W. Lanham Grants Immunity

And Seeks Former Husband's Abode--The Hymeneal Voyage With the Young Girl, "Over," begs Pardon

The elopement of Jas. W. Lanham and Iva Wedding sometime since from the Sulphur Springs community was a very disgraceful affair and caused quite a stir in that vicinity, being the source of neighborhood gossip for quite a while. But the most startling of all rumors is the one now current. It is reported that Lanham has communicated to his wife, from some point in Tennessee, tidings of "repentance"—the acknowledgment that his conscience is heavily burdened—that he is weary of body and spirit and is meditating suicide. A reporter to THE REPUBLICAN says:

Lanham wrote his deserted wife recently, since he kidnapped Miss Wedding, that if she would come to him he would send Miss Wedding home, and unless this request was granted, he would throw himself in front of the fastest L. & N. express and be hurled into eternity, "where he ought to be."

This report, however, is unauthenticated, but it is common neighborhood talk. The reporter could not advise whether Mrs. Lanham would forgive the folly of her husband and grant him full pardon and join fortunes with him again, or, allow him to be the hero in blessing the country with prompt and immediate riddance of the most accused fiend to civilization.

The taking of his own life will not restore the young girl's ruined character. Her future hopes are blasted, the purity and sweetness of her character with which nature richly endowed her, are destroyed, her standing in the community of her nativity is utterly ruined, past redemption, whilst the suicide of the destroyer of woman is little recompense for the crime committed, yet it would protect others and in the end would be a blessing.

The thing proper for Mrs. Lanham to do is to visit her husband with an

officer and allow him to look from behind the bars the remainder of his years—above forty-two.

WOMAN'S RELIEF

A really healthy woman has little pain or discomfort at the menstrual period. No woman needs to have any. Wine of Cardui will quickly relieve those smarting menstrual pains and the dragging head, back and side aches caused by falling of the womb and irregular menses.

WINE OF CARDUI

has brought permanent relief to 1,000,000 women who suffered every month. It makes the menstrual organs strong and healthy. It is the provision made by Nature to give women relief from the terrible aches and pains which blight so many homes.

CHATTANOOGA, Tenn., Oct. 14, 1900.
I have been very sick for some time. I was taken with a severe pain in my side and could not get any relief until I tried a bottle of Wine of Cardui. Before I had taken all of it I was relieved. I feel it my duty to say that you have a wonderful medicine.

1902 CLEANING-UP SALE!

We know of no better way to celebrate the advent of the New Year than to clean out our house of all goods left over from the old year, and to begin the Spring of 1902 with everything fresh and new.

First, however, we wish to extend our grateful acknowledgments to our friends and patrons of the old year for the exceptionally liberal and generous treatment we received at their hands during the year just closed. Nineteen-hundred-and-one may be justly regarded as the high-water-mark year of our business. If the New Year shall start off as favorably for us as the old one ends, we shall certainly have no occasion for complaint.

Beginning at once, we propose to inaugurate the greatest Clearing-up and Cleaning-out Sale in our line ever known in Hartford. Nothing will be reserved, but everything goes, so that we can make a clean-sweep before moving into our new building, which will be some time within the next sixty days. Then we shall stock up with everything new and fresh.

We shall not undertake to quote prices, but only ask of you a visit.

Again thanking you for your liberal patronage during the year 1901, we enter the New Year with good wishes for all. Yours truly,

CARSON & CO.,
Hartford, Ky.

EVERYBODY'S STORE.

1901 is Gone.

The New Year is upon us. It is with grateful hearts toward our liberal patrons that we look back over the results of our labors for 1901. Every means of which we could conceive that would contribute to the best interest of our trade has been brought to bear. Large stocks in every department. Reliable, up-to-date merchandise at economic prices. We treat old and young alike. All are given equal attention. Every dime buys the same in quantity and quality. All dollars contain the same per cent. of saving, it matters not who brings them.

Ladies' Wraps.

We have some Capes and Jackets that we are making bargain prices on. Come while we have your size and save yourself some money.

ODDS and ENDS in every department will be sold at greatly reduced prices. Now is a good time to secure some extraordinary values in Furs, Millinery, Underwear, Gloves, Dress Goods and Waist Goods. Rare Bargains here.

Overcoats and Suits.

Overcoats in broken lots at a big reduction in prices. A nice line of regular goods in all sizes at the right prices. The greatest line of Suits at \$10.00 you ever saw. Odd garments at your own price.

SHOES.—We have just received another shipment of our high-grade, heavy goods for the muddy season. Our lines of \$2.00, \$2.50, \$3.00 and \$3.50 of men's fine goods are things of beauty, and good service is guaranteed.

Bring us your Corn and other Produce, visit our store early in the New Year, and our store will be your favorite place to buy your goods.

All Stuffed Up

That's the condition of many sufferers from catarrh, especially in the morning. Great difficulty is experienced in clearing the head and throat.

No wonder catarrh causes headache, impairs the taste, smell and hearing, pollutes the breath, deranges the stomach and affects the appetite.

To cure catarrh, treatment must be constitutional—alterative and tonic.

"I was afflicted with catarrh. I took medicines of different kinds, giving each a fair trial; but gradually grew worse until I could hardly hear, taste or smell. I then concluded to try Hood's Sarsaparilla, and after taking five bottles I was cured and have not had any return of the disease since." EUGENE FORBES, Lebanon, Kan.

Hood's Sarsaparilla
Cures catarrh—it soothes and strengthens the mucous membrane and builds up the whole system.

Dr. Taft Bros. Medicine Co.

Gentlemen: I write this testimonial from a sense of duty, having tested the wonderful effect of your Asthmalene, for the cure of Asthma. My wife has been afflicted with spasmodic asthma for the past 12 years. Having exhausted my own skill as well as many others, I chanced to see your sign upon your windows on 12th street, New York, I at once obtained a bottle of Asthmalene. My wife commenced taking it about the first of November. I very soon noticed a radical improvement. After using one bottle her Asthma had disappeared and she is entirely free from all symptoms. I feel that I can consistently recommend the medicine to all who are afflicted with this distressing disease.

Yours respectfully,
O. D. PHELPS, M. D.

Dr. Taft Bros. Medicine Co.

Gentlemen: I was troubled with Asthma for 22 years. I have tried numerous remedies, but they have all failed. I ran across your advertisement and started with a trial bottle. I found relief at once. I have since purchased your full-size bottle and I am ever grateful. I have family of four children, and for six years was unable to work. I am now in the best of health and am doing business every day. This testimony you can make such use of as you see fit. Home address, 235 Livingston street, New York City.

Yours respectfully,

FRIDAY, JANUARY 3.

A TRUE GHOST STORY.

(Written for THE REPUBLICAN.)
The hero of our story lives with Mr. R., a farmer in Southwest Kentucky. One dark, gloomy November evening, Mr. R. went to a neighboring village, leaving Mrs. R. with two small children to hold the fort.

The home of the family was near a large swamp, nearly a mile in width. Night was fast approaching, and yet no sound of footsteps announced the return of the protector of the household. Mrs. R. was drawing her dark mantle over the earth, and the mother drew the children close around her, and tried to quell their fears though she could not dispel her own. Silence reigned supreme. There were thoughts of Indians, robbers and ghosts; but nothing broke the awful silence save the occasional hoot of an owl in the great forest near by. But all at once the faithful watchful dog sprang from his bed, barking as if an army of ghosts were on the war path. All eyes were turned toward the window. And, oh, horrors! Through the dim twilight, some hideous monster was seen approaching. There was a rattle and then a bang, and then a silence. But unexplained silence was no relief to the mother, who, with the children, quickly fled to the residence of Mr. C., the only near neighbor. He did not wait to hear half of her story, but gathering up an old rusty fire-lock, he marched boldly to the scene of danger to make war on the ghosts.

When he reached the deserted home, he found nothing unusual about the place, except that the large farm gate was set against the small gateway at the yard. Down in the orchard, under his favorite Ben Davis tree, stood Jim, the mule, eating apples, as if there were no ghosts in forty miles of him.

And since Jim was an eye witness to the whole affair, we will now relate his side of the story. He had been allowed to spend his leisure hours in a fine clover field adjoining the orchard. Jim loved apples, if any difference, better than clover. But how was he to indulge his natural fondness for fruit? He could look over the high steel fence that intervened and see apples in abundance. He could jump over the fence, too, but

THE NEW WAY.

Common Sense for Women.

Ladies Should Read of the Latest and Most Successful

Importation from France.

All Womankind May Possess Bright Eyes, Fair

Skin, Strength and Good Health.

So says Dr. LaBord, the famous French practitioner, who has devoted his whole life to the study of women, and has won the highest distinction through his wonderfully successful practice among the first families of Paris.

WOMAN'S REMEDY.

Woman is a heroine, says the doctor, and her remarkable endurance and ability to withstand the most trying ordeal command admiration. She is a slave to the whims of her sex, which so often causes her to endure the greatest trials, and suffer in silence, rather than consult even her family physician, fearing to expose herself to necessary questioning and probable examination.

A LIFETIME.

Recognizing this fact early in his practice, Dr. LaBord, has, by years of study and close application, evolved an entirely new method of treatment for all ailments peculiar to woman, which has met with unbounded success, and his Branch offices, managed by skilled physicians of her sex, who so often causes her to endure the greatest trials, and suffer in silence, rather than consult even her family physician, fearing to expose herself to necessary questioning and probable examination.

Dr. LaBord's remedies are put up in the form of small, dainty vials, they are easily carried and taken at any time or place, without attracting attention. This feature is particularly important in treatment which is most important to a cure, and generally impossible with liquid remedies.

Liquid remedies, which contain a large proportion of alcohol, whisky or other liquors, to preserve them from spoiling. Dr. LaBord's vials are "dry medicine," and are positively free from intoxicating or narcotic drugs of any kind.

MODERN METHODS.

Dr. LaBord's greatest success has been achieved by the use of the "CARBONIA WAFER." This is not a Patent Medicine, but a scientific preparation of "Vibronum," or "Carbonia," commonly known as Black Swampy, and other well known herbs, whose curative properties have been known to the ancients, and are now being used by the latest scientific methods of the day.

The extremely disagreeable taste of these drugs has been overcome by skillful manipulation, retaining however all of their virtues and strength, and these vials are so small and dainty, that they can be taken at any time or place, without attracting attention. This feature is particularly important in treatment which is most important to a cure, and generally impossible with liquid remedies.

A WORTHY SUCCESSOR.

"Something New Under The Sun."

All Doctors have tried to cure Catarrh by the use of powders, acid gases, inhalers and drugs in paste form. Their powders dry up the mucous membranes causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes, leaving the patient helpless to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of Catarrh, has at last perfected a treatment which when faithfully used, not only relieves at once, but permanently cures Catarrh, by removing the cause, stopping the discharges, and curing all inflammation. It is the only remedy known to science that actually reaches the affected parts. This wonderful remedy is known as "Snuffles the Guaranteed Catarrh Cure" and is sold at the extremely low price of One Dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use.

"Snuffles" is the only perfect Cure ever made and is now recognized as the only safe and positive cure for that annoying and distressing disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve Hay Fever or Cold in the Head.

Catarrh when neglected often leads to Consumption—"Snuffles" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure Catarrh in any form or stage if used according to the directions which accompany each package. Don't doubt its power, but at once, and write full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "Snuffles" the "Guaranteed Catarrh Cure."

This would require too much muscular exertion, when strategy would work as well. He would jump a high rail fence into an adjacent field, and gain entrance into the orchard through an open gateway. This worked well for a time, but on this eventful night, he found this gateway closed. And not wishing to disturb the family, or wake Carlo, he decided to try creeping through the gate, as two slats were off about the middle. This he partly succeeded in doing. But to his dismay the diagonal brace caught on his neck, and he lifted it bodily from its hinges. And now with the heavy gate balanced across his neck, Jim was in a dilemma, even for a mule. He did not try to resemble "Don Quixote and the windmills," but he was hearing such a hubbub as few people are willing to bear. But he decided to go ahead with the undertaking. And as he reached the small gateway at the yard, he was met by Carlo with a "bow-wow," which was an order to halt.

Jim obeyed orders and hastily backing out of his burden, left the gate leaning against the small gateway at the yard. It was Jim with the large gate suspended across his neck that gave him his ghost like appearance. And when he cast off his burden it made the rattle and the bang that spread dismay among the inmates of the home. And now his burden was gone, the little effort was evacuated, and troublesome Carlo was shut off. Jim had gained a complete victory, and was eating the fruits of it.

Many years have passed away, but Jim still has a place at the old homestead. He has neither lost his eye-fitness nor his fondness for fruit. The children are now grown and doubtless have learned a good lesson in perseverance. They are found of reading THE REPUBLICAN and enjoy hearing their parents relate a true "ghost story."
